

# Fourth International Conference on INTERNET TECHNOLOGIES AND APPLICATIONS

# ITA 11

## Call for Papers

Tuesday 6<sup>th</sup> - Friday 9<sup>th</sup> September 2011  
Wrexham, North Wales, UK

[www.ita11.org](http://www.ita11.org)

The fourth in a highly-successful series of biennial international conferences on INTERNET TECHNOLOGIES AND APPLICATIONS (ITA 11) will be held in Wrexham, North East Wales, UK from Tuesday 6<sup>th</sup> to Friday 9<sup>th</sup> September 2011. The conference will draw together researchers and developers from academia and industry across all fields of Internet computing and engineering. All accepted papers will be published in the conference proceedings. There will be a range of events from keynote addresses, technical and poster sessions, workshops and tutorials. The formal sessions will be supplemented by an excellent social programme including a visit to the historic English city of Chester, a boat trip on the River Dee and a mediaeval Welsh banquet at Ruthin Castle. See the conference website (<http://www.ita11.org>) for full details of paper submission and registration. ITA 05, ITA 07 and ITA 09 ([www.ita09.org](http://www.ita09.org)) were thoroughly enjoyed by all the many participants. Come and join us in Wales in September and be part of ITA 11!

### Paper Submission

Papers are sought on any topic in the spectrum of Internet Technologies and Applications, including, but not limited to, the following:

Accessibility and usability	Agents	AI/Expert systems	Collaborative decisions
Data-mining	Distributed systems	e-Business/e-Commerce	e-Learning/e-Society
Ethical, social & legal issues	Filtering	HCI	Integration
Internet applications	Internet languages	Internet technologies	Multimedia
Music and audio	Network algorithms	Network architectures	Network management
Network optimisation	Network performance	Protocols and standards	Routing
Security	Semantics	Services	Storage
Systems failure	Traffic	Ubiquitous computing	Visualisation
Web hardware	Web software	Wireless networks	XML

Papers must follow the formatting instructions on the conference website at [www.ita11.org](http://www.ita11.org) and will be submitted through the online EDAS system (details also to be found on the conference website).

### Location

The conference will be hosted by the *Centre for Applied Internet Research (CAIR)* ([www.cair-uk.org](http://www.cair-uk.org)) at Glyndŵr University Wrexham ([www.glyndwr.ac.uk](http://www.glyndwr.ac.uk)), a member of the University of Wales. Wrexham is a beautiful Welsh town conveniently situated between the metropolitan centres of Manchester and Liverpool in England and the tranquillity of the North Wales countryside and mountains of Snowdonia.
