

WiMob 2008

Avignon, France

October 12-14, 2008

4th IEEE INTERNATIONAL CONFERENCE ON

Wireless and Mobile Computing, Networking
and Communications

WiMob 2008 Workshop *“War and Peace Driving”* (Wireless Security & Public Uptake)

Call for Papers

www.newi.ac.uk/computing/research/wimob2008/

The scope of the workshop covers issues relating to both security technologies and the socio-economical impact of the widespread uptake of wireless networking by those in business, industry and the general public.

The workshop is co-located with the fourth IEEE International Conference on Wireless and Mobile Computing, Networking and Communications (WiMob 2008) to be held in Avignon, France, on October 12-14, 2008.

ALL papers accepted for the War & Peace WiMob workshop will be included in the main WiMob 2008 conference proceedings and published by the IEEE.

Topics of interest include but are not limited to:

- Authentication
- Auditing tools
- Case studies
- Emerging threats & trends
- Encryption
- Ethical, social and legal issues
- Filtering
- Geographical network studies
- Intruder detection & prevention
- Network management
- Protocols & standards
- Penetration testing
- Security policies
- Security tools
- Threat analysis
- Threat tools
- User impact
- Wireless uptake

Paper submission due: **June 14, 2008**

Paper acceptance notification: **July 16, 2008**

Final manuscript due: **August 14, 2008**

Registration and full payment due: **August 20, 2008**
